Read:—

Letter from the Inam Commissioner of Mysore, No 306 dated the 3rd April 1879 offering remarks on the proposals made in the C. Cs Pro: No 5557 dy 17 Oct/78 for simplifying the Inam settlement work.

No 942-43 / OR. 169 dated 14 June/79

Under the circumstance stated, the printing of the Quit Rent and Resumption Registers may continue.

2 As in the Talukhs remaining to be settled, the old records of Inams give the areas and not the "Bijawari", there will be little occasion for the Inam Deptt supplying Form II to the Survey Deptt.

3. The new form of Register and Title deed proposed by the Enamdars for the minor Inams will be an improvement, but as the settlement

has already proceeded
near to completion,
it may be undesirable
to alter the Existing
forms.

4. ~~With reference to~~ As
para 5, the Enam Commr
conveys his concurrence
and that of the Enam
Supt in the views expressed
by the C. Comr in regard
to the inexpediency of in any way
recognizing the alienations
of Enam lands belonging
to religious & charitable
institutions though
made prior to 1853. The
Govt of India will be
addressed in view
to the cancelment of
the rules published
under their sanction
in the Notification of
the 19th Nov. 79. meanwhile,
the Enam Supt ~~will~~ is
requested to direct
his Assistants not to act

on the rules in
question and to modify
as far as practicable
any settlements already
made under them.

Passing orders on the Inam Comm.rs letter relating the simplification of Inam settlement procedure in Mysore.

(15)

No. 764 of 1879

From,

Colonel W. L. Anderson

Survey & Enam Commissioner

of Mysore

To,

The Revenue Secretary

to the Chief Commissioner

of Mysore

Survey Commissioners Office

Poona 29th August 1879.

Sir,

I have the honor to make the following remarks with reference to the 3rd Para of Chief Commissioner's order No. 942-43/169 of the 14th June last.

1st The final Title Deeds for a large proportion of the province still remain to be issued.

2nd Under the present system there

Rev 3343/1879

R40-78-2

there are several separate forms of Title Deed according to the nature of the grant, increasing the liability to error in issue and requiring very special care to be taken to prevent the use of the wrong form.

3rd The present form contains an entry as follows. "So long as the "conditions of the grant are duly "fulfilled" but in no part of any of the forms of Title Deed is there any place for the entry of the conditions of grant and consequently in none that have been issued have any such conditions been stated, as the observance of the

conditions

Department by Chief Commissioner's order No. 6279/135 dated 29th September 1877 devolves the duty of issuing final Title Deeds.

3 No objection can arise on the score of the adoption of the proposed form giving use to two forms of Title Deeds, since all those already issued must be called in, for the entry of conditions of grant and for the entry of the Survey Nos confirmed, excepting in the case as regards the latter entry, those very few Talookas in which the Survey preceded the Enam enquiry.

4 I would therefore most strongly advocate the general

adoption

adoption of the proposed form both as more complete than the old ones, and by the simplicity of form greatly facilitating the work of the Survey in the preparation and issue.

5 I only propose the form in question for the Minor Enams and do not propose to make any change in the forms in use for whole Enam villages.

6 The preparation of the necessary forms of statements by the Enam Department will in no way interfere with the completion of their work within the stipulated time, the necessary time has in fact

(16)

Read :- Para 7 of the Survey & Inam Commr's Letter No 306 of the 3rd April 79 with form -

Letter from the Survey and Inam Commissioner, No 764 dated 29th August 1879, regarding the adoption of a new form of Title Deed for minor Inams.

LR 40-78-3

No. 3769-70
R. 646

dy 18th Oct 79.

Order thereon.

The Chief Commr. concurs in the opinion of Col: Anderson that the form of Title Deed proposed by him will be simpler and will give more information to the Inamdar than the one now in use, and he accordingly approves of it's being adopted in regard to minor Inams throughout the Province.
